VaultRAG – Three-Page Insurance Test Document

Page 1 – Pre-Authorization Rules

Policy Number: VR-TEST-3PAGE-2026
Policy Type: Health Insurance
Effective Date: 01 January 2026

1. Pre-Authorization Requirements
Pre-authorization is required for planned hospital admissions, selected surgical procedures, and treatments that require prior approval. The member must submit the required medical documents and treatment details before the procedure whenever pre-authorization applies.

2. Required Pre-Authorization Documents
The member should provide the physician's recommendation, treatment plan, relevant diagnostic reports, estimated treatment cost, and any additional documentation requested by the insurer.

3. Processing Rule
Planned treatment should not begin before approval when the applicable policy rules require pre-authorization. Emergency treatment may be handled according to the emergency provisions of the plan.

Page 2 – Claim Submission

4. Standard Claim Documents

A standard claim submission should include the claim form, hospital bill, discharge summary, itemized treatment bill, payment receipt, and relevant medical reports. Additional documents may be requested when necessary to process the claim.

5. Claim Submission Procedure

The claimant must submit the completed claim form together with supporting documents within the applicable submission period. Documents should be readable and contain sufficient information for the claims team to review the request.

6. Rejected Claims

If a claim is rejected, the claims team must record the rejection reason and notify the claimant. The claimant may submit additional documentation or request a review according to the applicable appeal procedure.

7. Claim Review

The claims team reviews submitted documents against the applicable coverage conditions, exclusions, deductibles, co-payment requirements, and policy limits.

Page 3 – Reimbursement and Exclusions

8. Reimbursement Rules

Eligible reimbursement is calculated according to applicable coverage limits, deductibles, co-payment requirements, and exclusions specified in the member's plan.

9. Exclusions

The policy does not cover cosmetic procedures that are not medically necessary, expenses resulting from intentional self-injury, or treatment specifically excluded in the member's plan schedule.

10. Coverage Limits

Service	Coverage Rule
Hospitalization	Up to applicable policy limit
Pre-authorized surgery	Subject to plan terms
Outpatient treatment	As specified in plan schedule
Emergency treatment	Subject to policy conditions

Test Note: This synthetic document was created specifically for VaultRAG page-number and citation testing. It is not a real insurance policy.
